

# Greece Christian School

## Computer Code of Ethics Signature Sheet

### Student Pledge

The Greece Christian School is committed to incorporating technology into all facets of education in order to enrich the learning experience. The computer network and the Internet are used to support projects, communication, and research for the school. The GCS shall utilize filtering software to prevent access to materials deemed harmful to minors. The school will log Internet use and monitor computer utilization by the school users. No user shall have any expectation of privacy regarding material transmitted or received via the school's computer network. In addition, the use of the computer is a privilege, not a right, and inappropriate use will result in cancellation of those privileges as well as additional consequences.

### Code of Ethics Pledge

- I will Protect the privacy of others (will not try to learn the passwords of others)
- I will not copy, change, read, attempt to read, or use programs on another person's file
- I will not make unauthorized copies of software found on the internet
- I will not attempt to gain unauthorized access to systems programs or computer equipment
- I will not attempt to modify hardware or software in any way
- If I identify a security problem I will notify an administrator and not show others
- I will not use the internet to participate in any illegal activities
- I will not use the Internet to harass anyone (bullying, hate mail, and other anti-social messages.)
- I will not use the Internet for email
- I will not try to access inappropriate material that does not reflect God's righteousness

Failure to follow these codes will result in the loss of the right to the computers. Other appropriate discipline may take place, as needed, for students according to what level of offence.
